## GRADING

Report cards are issued four times a year. Each division of the school year is referred to as a quarter. The first two quarters make up the first semester; the third and fourth quarters make up the second semester. The letter system used is as follows:

A.... 4 Quality Points    B.... 3 Quality Points    C.... 2 Quality Points    D.... 1 Quality Point    F.... 0 Quality Points

Letter grades will appear on the report card according to the following scale: A = 93-100; B = 85-92; C = 75-84; D = 67-74; F = 0-66. First and second semester grades are calculated by counting each quarter's numeric average as 40% of the semester grade, and the semester exam as 20%. The cumulative grade point average (weighted and unweighted) is determined by semester grades. In determining the cumulative grade point average (weighted and unweighted), all semester grades are included.

## RANK IN CLASS

Because of the academic strength of our students, class rank is not considered a notable indication of an individual student's scholastic achievement and is not computed. Instead, weighted grade-point average information is available below for comparison purposes.

<u>GPA Distribution</u>			<u>Honors Program Core Curriculum</u>
